Solutions for the Future.

## OUR CAPABILITIES

We work closely with our clients in a very iterative and adaptive fashion to guarantee that the features and content with the greatest value are delivered as soon as possible. This approach provides our clients with a faster time to market, greater return on investment and greater competitive advantage. See below for a list of clients and some specifics about what was or will be delivered.

## OUR HISTORY

Founded in 2009, [Kurrent Logic](#) is a Small Business created to deliver business solutions to Federal clients in the ever changing government marketplace.

As the wants, needs and limitations of the government are constantly changing under political and economic pressures, [Kurrent Logic](#) is positioned to quickly deliver exactly what is needed, when it is needed, under any circumstances.
